& LIGHT

COMPACT

Küschall Compact is the absolute standard for reliability and quality in one foldable chair.
It can easily be adapted to suit varying needs to enhance overall comfort. Available in a fixed front frame with impressive rigidity for excellent driving performance or a swing-away frame, making transfers, storage and transportation even easier.

ENHANCED
COMFORT

OUTSTANDING **FUNCTIONALITY**

A foldable backrest option makes the chair small and compact for easy transportation. Available in 70° or 80° legrest angles, in addition to the adjustable precision locking mechanism with the swing-away legrests for increased rigidity and optimal drive.

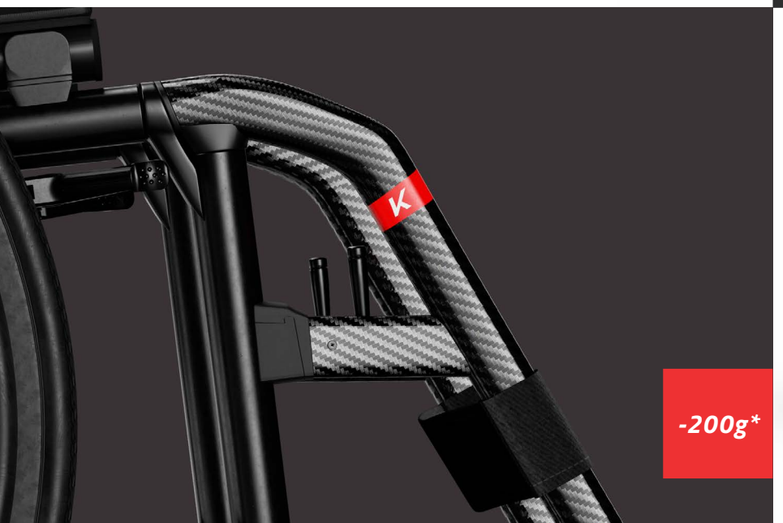

INTRODUCING
COMPACT CARBON

Small detail. Noticeable difference. Optional carbon legrests bring a lighter, more refined finish to the Compact. A subtle upgrade that enhances both the feel and the overall aesthetic, without changing the reliability you depend on.

—

Elevate your Compact and be confident with a touch of carbon.

-200g*

*Lighter in total weight than the standard aluminium Compact.

Küschall® COMPACT

TAKE A CLOSER LOOK

ANGLE ADJUSTABLE BACKREST

Available as an option, the angle adjustable and foldable backrest folds neatly over the seat rails for compact storage and easy transportation.

EASY FOLDING

The unique design of the cross brace makes the Compact simple to fold. A key feature if you have reduced strength or limited hand function.

KEEP ON TRACK

Intuitive and unique castor housing adjustment, to ensure your wheelchair always performs at its most energy efficient, making propelling easier for longer.

FIXED FRAME

Increases rigidity and gives a more active aesthetic. 70° or 80° legrest angle.

SWING-AWAY LEGRESTS

Making transport, storage or transfers easier. 70° or 80° legrest angle.
